DIRECTORY AND WEB SITE REFERRAL INFORMATION

Check the immediate geographical area in which you provide service {Be realistic; responses that say I can do anything, anywhere are not helpful to the consumer and tend to undermine the credibility of the referral pages; that affects all of the members}::

DIRECTORY AND WEB SITE REFERRAL INFORMATION

Circle the NCISS codes for the services which you provide {Be *realistic*; responses that say I can do anything, anywhere are not helpful to the consumer and tend to undermine the credibility of the referral pages; that affects all of the members}.

The KAPI website will list the NCISS codes on the Name and Location referral pages with a link to explain their meaning and will list each member under the Type Investigative Services on the type services referral page. Trying to create a list by each NCISS code is too complex.

KAPI Investigation Service Types	NCISS Investigative Service Codes
